PADI DIVEMASTER

ATLANTIS DIVERS

Your Gateway to Adventure

PADI DIVEMASTER

Take the first step in your dive career and become a Divemaster. Working closely with an instructor, you'll expand your dive knowledge and hone your skills as you become a dive professional. Divemaster training develops your leadership abilities by training you to supervise dive activities and assist instructors with student divers.

What can Divemasters do?

Work at local dive centers, on live-aboard dive boats, yachts and at exotic resort locations

Assist instructors with students

Lead scuba divers on guided dive tours

Teach and certify skin divers

Teach Discover Snorkeling programs

Conduct scuba review programs for certified divers

Teach Emergency First Response programs after successful completion of an Emergency First Response Instructor course.

In this course you will:

Learn dive leadership through classroom and independent study sessions

Complete water skills and stamina exercises in confined and open water

Training exercises to test organizational and problem solving abilities

An internship or series of practical training exercises

You earn your Divemaster rating by reviewing the material and completing certification dives.
